Student - Setting Up MFA

1. The student will enter their **Google** username and select **Next**.

2. Instead of being prompted for a password, students will be taken to the **Clever Portal** login screen.
3. Students will select **Log in with Clever**.

4. They will enter in their **Google** username and password (without @lodiused.org) and press **Log in**.

7. If the student selects the correct **food** and **animal**, they will be successfully logged in and taken to their **Clever Portal**.

Student - Incorrect MFA Selection

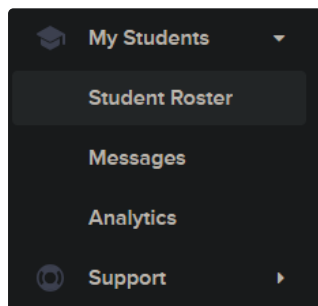

1. If a student selects the incorrect combination of **food** and **animal**, they will receive an error.

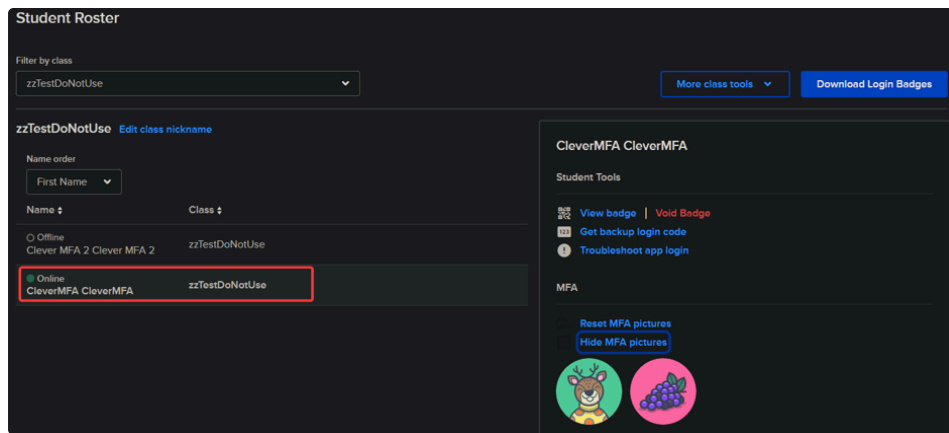

2. If the student accidentally made the incorrect selection, but remembers their **food** and **animal**, they can click **Try again** and correctly select their **food** and **animal**.
3. They will have the opportunity to retry **3 times** before being locked out of their account for **5 minutes**.
4. If the student does not remember their selections, see **Teacher - Troubleshooting MFA**.
5. If the student gets locked out after too many failed attempts, see **Teacher - Troubleshooting MFA**.

Teacher - Troubleshooting MFA

1. Log in to your **Clever Portal**.
2. On the left navigation pane, select **My Students > Student Roster >** Select the class of the student in the **Filter by class** dropdown.

3. Select the name of the student who is having trouble logging in.
4. If the student isn't locked out, but forgot their **food** and **animal**, click **Show MFA pictures** to reveal the student's selections.

5. If the student is locked out, you can reset the student's MFA by selecting **Reset MFA** pictures. The student will then be prompted to select a new **food** and **animal** on the next login.
